**BREATH EASIER WITH
LOWEST BREATH
RESISTANCE**

The AirQUEEN™ respiratory mask has a tested filter efficiency of > 97% and meets highest quality criteria according to European standards. With its 0.1 µm nano filter and an exceptionally high filter efficiency, it protects not only from droplets but also smallest particles such as pollen, fine dust, bacteria and viruses.

The new ergonomic multi-fit construction with 3 layers and chin and nose clip enables for better protection and comfort with lowest breath resistance. The AirQUEEN™ Nano Breeze FFP2 mask is particularly suitable for older people, athletes or for work in areas close to customers.

**HIGHEST
QUALITY & MAXIMUM
COMFORT**

The AirQUEEN™ Breeze Mask is equipped with a practical quick release fastener and offers the highest level of comfort for everyday use in everyday life and at work.
